New Directors Elected.

As a result of a meeting of the stockholders of the Bourbon County Agricultural Society held at the court house Saturday afternoon, ten members of the directorate which served last year were dropped and their successors named, while the remaining number composing the Board of Directors were re-elected for the ensuing year. The deposed directors are J. T. Hinton, J. M. Brennan, N. F. Brent, K. B. Hutchcraft, F. P. Lowry, R. P. Hopkins, V. W. Ferguson, J. D. McClintock, John T. Collins and J. W. Davis.

The meeting was presided over by Hon. C. M. Thomas who was chosen as temporary chairman, while C. Arnsperger acted as secretary. When the meeting was called to order the outgoing board voted to reconsider its action regarding the case of Allie Jones, of North Middletown, one of the most prominent exhibitors in Central Kentucky, who was barred from further participation at the fairs of the Society.

The members of the board who were re-elected were C. Arnsperger, A. P. Adair, J. F. Harbes, H. S. Caywood, J. M. Hall, Robert Meter, W. G. Talbot, C. M. Thomas, J. Miller Ward and A. S. Thompson, while the new members chosen were Duncan Bell, F. P. Campbell, S. G. Clay, T. H. Clay, Jr., Allie Jones, W. C. Massie, George Rassenfoss, George W. Stuart, George D. Speakes and J. U. Boardman.

The new board of directors will hold a meeting at some time in the near future to consider the election of officers to serve next year. Mr. J. M. Hall, who has been at the head of the society since its rejuvenation seven years ago, will probably again be elected president, while Mr. W. G. Talbot is likely to be elected to succeed himself as vice president. Mr. Chas. Weber, who for several years has acted as secretary, is not an applicant for the position. The office of treasurer will probably be filled by Mr. C. Arnsperger, the present incumbent.

According to Mr. Jones, the old Board reconsidered its former action without a protest from him. He further states that the newspaper reports concerning his action on the last day of the fair, were incorrect and that he used no unbecoming language in the ring toward the judges or the committee. Mr. Jones said yesterday that he has not decided whether he will accept a position on the Board, but will reach a decision before the next meeting of the body.

At the next meeting of the society's directors, matters looking toward the holding of the fair next year will be discussed from every angle, and it is probable that early action will be taken in securing a line of high class attractions for the fair next year. The matter of changing the dates will come up at this meeting also.

Several of those who are interested in the welfare of the society have discussed the possibility of having the Krause shows which exhibited here last week under the auspices of the Maccabees to return for the fair next year. The management of the carnival company will keep in touch with the local people in regard to it, and expressed a desire to return to this city at a later date.

Large Sale of Blue Grass Seed.

One of the largest sales of blue grass seed made in this section this season was consummated last week when Hamilton Bros., of Montgomery county, sold to the Kentucky Blue Grass Seed Co., of Mt. Sterling, 20,000 bushels of stripped seed. The sale was made for the delivery of the seed at Mt. Sterling and the sum of \$13,600 was involved in the transaction the seed being sold at the rate of 68 cents per bushel.

Col. Clay Abandons Farming.

Col. E. F. Clay, former president of the Kentucky Racing Association and proprietor of Runnymede Stud, on account of ill health, has decided to discontinue the active management of his magnificent farm on the Cynthiana pike, and in a short time will leave with his family to spend the winter at his summer home, which is located at Eustis, Fla.

Col. Clay is one of the most prominent farmers in Central Kentucky and for years has been engaged in the extensive breeding of thoroughbreds, until recently, when he disposed of all his thoroughbred holdings and retired from the turf. He, in connection with Mr. Catesby Woodford, owned some of the highest class horses in this country, among the number being Star Shoot, Sir Dixon, and the famous imported stallion, Carlton Grange, and their breeding establishment ranked second to none in Kentucky.

Several months ago Col. Clay suffered a slight attack of pneumonia, from the effects of which he has never recovered, and while his condition at present is very favorable, it is not thought advisable for him to remain in this climate until extremely cold weather begins, and following his usual custom he will go to Florida, however, a little earlier this fall.

Col. Clay has leased his farm to Messrs. N. H. Taylor and John Woodford, reserving the residence and a part of the farm for his personal use.

NOTICE!

There will be a meeting of the stockholders of the Bourbon County Agricultural Society held in the court house at Paris, Ky., Saturday, September 28, 1912, at 10 o'clock. This meeting is for the election of officers for the ensuing year. All members are requested to be present. 24-2t J. M. HALL, Pres.

Roman Heating System.

Like many other Roman houses that have been unearthed in England, one recently brought to light was heated by a system called "hypocaust." The entire basement was one big furnace, from which flues ascended, built into the walls. A wood fire was kept in the basement, the fuel being fed in from an outside annex, through an arch in the wall. The house recently dug out is in a state of excellent preservation.

Women's Valuable Thoughts.

Among the first American patents taken out by women were those for a fountain pen, a baby jumper, and the first cook stove. Mrs. Ada Van Pelt of late years invented a permutation lock with three thousand combinations. A woman invented a process of making horseshoes which saved the country \$25,000,000 in fourteen years. Another woman was offered \$20,000 for her paper bag process.

Rent Paid in Roses.

A bouquet of red roses was handed to the warden of St. Olave's grammar school, Tooley street, London, England, at the prize distribution, the other day, as the rent of a piece of land leased to trustees in 1656 for the benefit of the poor of the parish. The lease was for a term of 500 years at the yearly rent of a red rose payable at midsummer if lawfully demanded.

High Price for a Rembrandt.

A work of Rembrandt—"Woman Plucking a Fowl"—recently sold in Paris for \$95,000, appears to hold the record price for that artist's work. The same picture was sold in Amsterdam in 1734 (it was probably painted about 1640) for \$70. In 1845 in London it brought about \$1,625, and in 1884 was sold in Paris, to the family which has now resold it, for about \$2,800. The previous record price for a Rembrandt was that paid for the "Girl Holding a Medal," in the Hoe collection, sold here last year for \$70,000.

Glorious News.

comes from Dr. J. T. Curtiss, Dwight, Kas. He writes: "I not only have cured bad cases of eczema in my patients with Electric Bitters, but also cured myself by them of the same disease. I feel sure they will benefit any case of eczema." This shows what thousands have proved, that Electric Bitters is a most effective blood purifier. Its an excellent remedy for eczema, tetter, salt rheum, ulcers, boils and running sores. It stimulates kidneys liver and bowels, expels poisons, helps digestion, builds up the strength. Price 50 cents. Satisfaction guaranteed by Oberdorfer.

Goat Proved Poor Sailor.

While a man temporarily abandoned his skiff along the banks of the Chester river in Pennsylvania the other day a goat jumped into the craft. The animal chewed the shore line. The skiff swung around in the current and was some distance away when the owner returned. The goat ran from stern to prow and back again until one of its hoofs punctured the craft. The skiff quickly filled with water and sank, taking the goat with it. The goat was drowned.

Repels Attack of Death.

"Five years ago two doctors told me I had only two years to live." This startling statement was made by Stillman Green, Malachite, Col. "They told me I would die of consumption. It was up to me then to try the best lung medicine and I began to use Dr. King's New Discovery. It was well I did, for today I am working and believe I owe my life to this great throat and lung cure that has cheated the grave of another victim." It is folly to suffer with coughs, colds or other throat and lung troubles now. Take the cure that's safest. Price 50 cents and \$1. Trial bottle free at Oberdorfer's.

Footstool Church.

Mr. Raymond Unwin told a story relating to the building of St. John's church, South Square, Westminster. The architect, he said, was reputed to have worried Queen Anne about the design. Her majesty at length losing patience kicked her footstool over and remarked in anger: "Build it like that!" The architect fulfilled the royal wishes and the church was built as it stood today—with corners protruding upward like the four legs of a stool.—Reynolds's Newspaper.

To Mothers and Others.

You can use Bucklen's Arnica Salve to cure children of eczema, rashes, tetter, chafings, scaly and crusted humors, as well as their accidental injuries—cuts, burns, bruises, etc., with perfect safety. Nothing else heals so quickly. For boils, ulcers, old running or fever sores or piles it has no equal. 25 cents at Oberdorfer's.

If you knew of the real value of Chamberlain's Liniment for lame back

stiffness of the muscles, sprains and rheumatic pains, you would never wish to be without it. For sale by all dealers.

And Yet Occasionally?

"Life is not a solemn thing. Pathetic, yes; tragic, often; squalid, splendid, crazy, jolly, lit with dreams and laughter, an immense joke, and a black grief—but solemn, never."—Views and Vagabonds, by R. Macaulay.

Running up and down stairs, sweeping and bending over making beds will not make a woman healthy or beautiful.

She must get out of doors, walk a mile or two every day and take Chamberlain's Tablets to improve her digestion and regulate her bowels. For sale by all dealers.

Polishing Machine.

In England there has been invented a machine which is said to perform with mechanical precision the action of a hand polisher.

Food Prices in Mexico.

The City of Mexico has a municipal market, and, according to a correspondent of the New York Evening Post, the citizens of that city are not worried much about the cost of living.

The correspondent quotes some prices that are decidedly interesting as compared with those prevailing today in the cities of the United States. The best cuts of beef, he says, retails at 8 and 9 cents a pound; bread sells at 2 1-2 cents a loaf; flour may be had at from 75 cents to \$1 for fifty pounds and corn meal from 1 to 2 cents a pound. Another good feature of life in Mexico City is that the servants work for small wages and "stan hitched." The best of them it is stated, can be hired for \$3 to \$5 a month, and they remain in one family fifteen to twenty years. All are numbered and tagged by the Government, so as to be traceable by the police.

The Evening Post correspondent gives the municipal market credit for the prevalence of such low prices for the necessities of life. "The buyer deals directly with the producer, except in the few cases of coffee, sugar, salt, pepper and like staples." Of course the municipal market is not responsible for the satisfactory status of the servant question nor for the fact that "a whole house rents for from \$17 to \$18 a month," and that "a taxicab ride anywhere in the city costs only 15 to 20 cents." Nevertheless the municipal market is the one best method of reducing the cost of living in Mexico or anywhere else.

The average citizen of the United States would not care to live in Mexico under any conditions. As a matter of fact he would rather rustle for a living in this country than accept free board and lodging in Mexico City if it were tendered along with a free ticket to that land of perennial political turmoil. But "the proof of the pudding is in the eating thereof," and the story told by the Evening Post's emissary goes to prove that the municipal market is a good thing for the ultimate consumer in Mexico as it is elsewhere.

The Farmer's Inning.

One of the most effective speeches that has been delivered by Governor Wilson during the campaign was that at the farmers' picnic at Washington Park, N. J. It was especially prepared for the farmers, who the Governor showed never occupied the center of the stage in politics, and were little considered in legislation. The farmers have demanded no protection, but everything they buy is protected by a heavy tariff which in most cases goes into the pockets of the trusts instead of helping to pay the expenses of the Government. When tariff bills are considered it is the interests that ask to be heard. Who ever thought of the farmers asking to be heard?

"It is time," said Governor Wilson,

"for you to break into your own house and live there. I want you to examine very critically the tenants who have been occupying it. It is a very big house and very few people have been living in it."

This good advice to the farmers is applicable to all classes that have received little consideration at the hands of the Republicans. There seems to be a general desire for a house cleaning, and it will come in November, if every Democrat does his duty as we are sure they will do when they have such an excellent chance to get possession of the government, which the Republicans have so long mismanaged.

Hitting Hard.

Governor Wilson delivered a telling blow to Roosevelt's preposterous claim to leadership of the real progressive thought of the country when, at Sioux City, he showed that the Roosevelt plan for "regulating" trusts, instead of preventing them, originated with Gary and Perkins. These gentlemen are not interested in the people. The interests of Gary and Perkins are wrapped up in trusts and Mr. Roosevelt is their agent to carry out their plan.

Governor Wilson is also right in opposing the tariff board as "a motion for a continuance." The existing board has already been used by the president as an excuse for delay and this excuse has cost the country several hundred millions. The tariff board, however honestly intended by some, is a farce and a fraud. After postponing action until the board reported the Republicans would not accept any findings that justified reductions and the Democrats would not accept any findings that justified existing rates. Congress and congress alone can settle the tariff question.

Campaign Literature.

Every voter ought to post himself on the issues and on the records of the parties, and he ought to do so at once. The most comprehensive collection of campaign material on the Democratic side is to be found in the campaign text book. This is issued at cost by the national committee. Address Democratic National Committee, Fifth Ave. Bld., New York, or Democratic National Committee, Chicago. Congressman Cline, of Indiana, has prepared a table showing what has been done to carry out the Democratic platform of 1908 and how the Republican party has failed to bring the people relief.

Congressman Underwood has also presented a review of the party's record. These speeches can doubtless be obtained from the National Committee. Get ready for the campaign and then go to work among your neighbors. Pick one Republican and convert him—and then try others.

Certificates Filed.

Judge Andrew J. Kirk, of Pikeville, has filed his certificate of nomination as Republican candidate for Judge of the Court of Appeals in the Seventh district with Secretary of State C. F. Creel.

The certificates of all the Democratic candidates for electors also were filed. They are—For the Congressional Districts: First district, Robert Hazenwood, Bardwell; Rainey T. Wells, Murray; Second district, David H. Kincheloe, Madisonville; Gibney Oscar Letcher, Henderson; Third district, William G. Gead, Scottsville; Cleon A. Summers, Glasgow; Fourth district, Robert Lee Durham, Greensburg; John M. Campbell, Leitchfield; Fifth district, Keith L. Bullitt, Louisville; Robert L. Offutt, Louisville; Sixth district, Robert C. Simmons, Covington; Blaine McLaughlin, Newport; Seventh district, Green T. Perkins, Beattyville; Morton H. Bourne, Owenton; Eighth district, Robert H. Tomlinson, Lancaster; William M. Thompson, Taylorsville; Ninth district, John W. Riley, Morehead; Andrew N. Stamper, Campton; Tenth district, Joel E. Childers, Pikeville; Martin, Vest; Eleventh district, Carl Little, Manchester; William Ward Duffield, Harlan. At Large—Robert Harding, Danville, and H. V. McChesney, Frankfort.

Opinion on New Press Measure.

Attorney General Wickersham sent to Postmaster General Hitchcock a written opinion on certain phases of the new Federal law requiring daily and weekly newspapers and some other publications to present to the Postmaster General semi annual sworn statements of their circulation, ownership of their stock and bonds and other information under penalty of denial of the use of the mails.

The Attorney General upholds the Postmaster's construction that it is immaterial whether subscriptions are individual or in bulk, and that the provision of the law covers the number of copies of a publication distributed to certain paid subscribers by any means. Mr. Wickersham's opinion, prepared at the direction of President Taft, does not touch upon the constitutionality of the law which is part of the postoffice appropriation bill enacted at the last session of Congress.

Mr. Hitchcock inquired whether the law "shall be limited to paid individual subscriptions, or shall include purchases in bulk by news agents or others for redistribution; also whether in your opinion the provision covers paid circulation of daily newspapers not distributed through the mails."

The 2-Year-Old Stars.

The lovers of the trotter predict that the two year old races at Lexington will be the greatest ever seen, and many are of the opinion that the world's record, 2:09 1-2, for two year old colts will be broken; and others go as far as to believe that Native Belle's record for all sexes will be lowered in the Futurity, amongst the eligibles to which are Dillon Axworthy, Lord Allen, Don Chenualt, Peter the Gay, Lord Todington, Sweet Alice, Lord Brussels, Magowan, Lady Tregantle and Pine Knot, every one of which has shown form of the highest class. In addition to these there are eleven others that made good on the September payment; and these races lovers of colt trotting from all parts of the United States will assemble at Lexington October 9, on which day will also be contested the great races for the Walnut Hall Cup, a most magnificent trophy contributed by Mr. L. V. Harkness, of the famous Walnut Hall Farm.

Nature's Way Is The Best.

Buried deep in our American forest we find bloodroot, queen's root, man-drake and stone root, golden seal, Oregon grape root and cherrybark. Of these Dr. R. V. Pierce made a pure glyceric extract which has been favorably known for over forty years. He called it "Golden Medical Discovery."

This "Discovery" purifies the blood and tones up the stomach and the entire system in Nature's own way. It's just the tissue builder and tonic you require when recovering from a hard cold, grip, or pneumonia. No matter how strong the constitution the stomach is apt to be "out of kilter" at times; in consequence the blood is disordered, for the stomach is the laboratory for the constant manufacture of blood. Dr. Pierce's Golden Medical Discovery strengthens the stomach—puts it in shape to make pure, rich blood—helps the liver and kidneys to expel the poisons from the body. The weak, nervous, run-down, debilitated condition which so many people experience at this time of the year is usually the effect of poisons in the blood; it is often indicated by pimples or boils appearing on the skin, the face becomes thin—you feel "blue."

"More than a week ago I was suffering with an awful cold in my head, throat, breast, and body," writes Mr. JAMES G. KENT, of 719 L Street, S. E., Washington, D. C. "Some called it La Grippe, some pneumonia. I was advised by a friend to try a bottle of your 'Golden Medical Discovery.' I tried a bottle and it did me so much good that I feel safe in saying it is the greatest and best medicine that I ever took. My health is much better than it was before using your medicine. It does all you claim for it and is satisfactory."

J. G. Kent, Esq.

DR. DOLLE'S MESSAGE TO MEN YOU CAN BE CURED BY

Why Take Treatment That Is Doing You No Good, When a Few Days under the care of Dr. Dolle Will Show You How Easy It Is to Cure These Diseases When the Proper Treatment Is Administered.

Have you treated for months and years, and been disappointed until you think that you cannot be cured? You no doubt, all this time have been treated by inexperienced doctors who had neither sufficient knowledge nor experience to know how to cure you.

These are the diseases of which I have cured so many, justly giving me the reputation for cures of which I am so proud.

Blood Diseases, Skin Diseases
I will give you treatment that will in a few days clear all rash spots and every sign and symptom. My treatment gets the poison out of the system instead of driving it in like ordinary treatments. I cure blood diseases and skin diseases so they cannot come back.

Furunculosis, causing sores or pain in groin or back. Furunculosis, Weakness, Loss of Vitality, Lack of Ambition.

My treatment cures is what you should have and what you will have to have to be cured right. Only one visit is required. I do no cutting and you suffer no pain nor trouble. All signs disappear in a few days.

Various Troubles, Lost Vitality
My combined treatment for these troubles so common among those who have become weak and worried, who have caused it by folly, dissipation and excess, is remarkably good. No one believes how quickly it benefits until they have taken it. It overcomes weakness, nervousness, pain in back, lack of energy, ambition and strength—it's just the treatment I have found so effective in treating such diseases.

Kidney and Bladder Troubles
are scientifically cured by me. My methods immediately benefit you, and the majority of cases I cure come from physicians and specialists who failed.

Piles, Fistulae—I can cure you so quickly and easily that you will be surprised. I will give you just the result and cure you are looking for without a surgical operation.

Acute Diseases—Itching, Burning remedies seldom cure. My treatment stops every symptom and cures in a few days. It is scientific—that's the only sure way to be cured so it will not come back.

You can take my Treatment without a cent and pay me after I cure you. I know that I can give you new life, new hope, and can restore you back to health and happiness. I know that every man will pay after I have eliminated every trace of disease from his system. Microscopic and analytical urinalysis FREE. I have written a book that ought to be in the hands of every suffering man in this country. I will send you a copy, free, if you will write me at once the diseases for which you desire treatment. Hours, 9 to 4: Sundays, 10 to 1 p. m. Evenings, 7 to 9 on Monday, Wednesday and Saturday nights.

DREAMS PROTECT OUR SLEEP

Reasonable Explanation of Events
Which Have Been a Puzzle to
the Minds of Students.

Dreams seem a mere play of imagination without any value—the more as every serious student has recognized that it is absurd to think that dreams have any prophetic character. But, in recent times, science has discovered the probable purpose of the dreams, and has found in this case again that nature does not give to us anything which is superfluous.

In the present view of science, dreams fulfill the purpose of protecting our sleep, and this end is reached by those apparently meaningless flights of the imagination. Most dreams start from some disturbance or excitement of our organism. Something may press on us, or touch us, or we may hear a sound, or we may have some digestive trouble, or we may lie in an uncomfortable position, and so on. Any such disturbance would excite the mind and would easily lead to a breaking up of the sleep which is necessary for us in order to be fresh for the next day's work.

The dream provides the solution. In creating a fantastic background for that disturbance, by which the inner excitement becomes adapted to a whole situation in which it fits well, our efforts to remove it becomes sidetracked and the sleep can go on without interruption. We may have thrown off a blanket and feel cold. Our dream brings us to a snowy winter landscape in the midst of the cold winter day, where we begin to skate, and all the coldness is then so natural and well adjusted to the whole illusory experience that our mind moves on without destroying the sleep.—From St. Nicholas.

Cleaning a Rusty Rifle.

It is an easy matter to clean a rusty rifle barrel, but when the rust has pitted the metal to any depth, the accuracy of the rifle is destroyed. When the rust is very thick saturate the inside of the barrel with coal oil, and allow it to soak well in for an hour or more. When the rust has softened somewhat wrap some tow around the ramrod, and pour enough coal oil upon it to thoroughly moisten it, and push in a rotary manner through the barrel and back a dozen times. When the tow gets very dirty renew it and continue the process until the coarser portion of the rust has been removed. A round brush of stiff bristles is next fixed to the ramrod, moistened thoroughly with the oil, and twisted into a barrel, running it back and forth at least a dozen times, thus loosening the dirt that has been more firmly attached to it. The first operation is now repeated, except that the tow on the ramrod is left dry, and the rubbing with this must be continued in all directions as long as it comes out soiled. The use of wire brushes is objectionable for cleaning guns, as the numerous steel points cut into the tube. Careful cleaning of the metal parts after use, and giving them a coat of petroleum or sweet oil when laid aside, will keep a rifle free from rust and ready for use at all times.

Why the Country is Deserted.

There are all sorts of reasons given why we can no longer keep our young people in the country, and most of the all sorts of reasons are good, but there is one which is just beginning to be recognized which is most potent of all, and yet most insidious. In the teachers of the little children in the country do we find the danger; these teachers, knowing nothing really of rural life, instill the thought from the beginning, "Get an education so as to get away from this place into a big city where you can have a chance!" And now our slow-going government has at last recognized this danger and sends out this warning: "The tendency of the rural school to encourage emigration to the city is due to the fact that the course of study in most rural schools is merely a copy of that given to city school children, without reference to the different environment and local needs of the country child. As a result the authors declare that teachers everywhere, with rare exceptions, have idealized city life, and unwittingly have been potent factors in inducing young men and women to leave the farm and move into the city."—Universalist Leader.

Has Had Adventurous Life.

Dr. George Ernest Morrison, whose recent appointment as financial adviser to the president of China has aroused adverse comment in Germany, the Tagliche Rundschau terming him "an enemy of Germany," is widely known as a writer and venturesome traveler. He has been the Peking correspondent of the London Times for a long time. He is a native of Australia, and was educated at Melbourne and the University of Edinburgh. During a journey through New Guinea in 1883 he was speared in the breast in an attack by natives, and it was not until the following year that the spearhead was cut out, the operation being performed in Edinburgh. Probably his best-known book is "An Australian in China."

Too Much for Pop.

"Pop!"
"Yes, son."
"They scuttle a house at the top, don't they?"
"Yes, my boy."
"And they scuttle a boat at the bottom, do they not?"
"Why—yes."
"Well, where would they start to scuttle a houseboat, pop?"

NOTICE.

City taxes for the year 1912 are now in my hands for collection at my office at the Deposit Bank.

C. K. THOMAS,
26-1f City Collector.

Plan to Build in the Spring.

With a view of beginning the erection of their new store room and office building at the corner of Sixth and Main streets the firm of S. H. Kress & Co., of New York, are making preparations to dispose of the old church building on the site and plan to get the new building under way at the earliest possible date.

Mr. Lee T. Beall, who since the purchase of the site, has been acting in the capacity of agent for the firm, has received instructions from the headquarters in New York to dispose of the old church building as soon as possible and have the site cleared not later than January 1, 1913.

With this object in view Mr. Beall has had several contractors going over the old building, the material in which will be sold to the highest bidder, and he hopes to effect a trade within the next few days.

For some time the firm of Kress & Co., which operates five and ten cent stores in all the principal cities in the United States, has been planning to erect a building on the site, which was purchased about three years ago, but for some reason they were retarded in the work. It is proposed to erect a three story building, which will front 66 feet 4 inches on Main street, and will run back the entire length of the lot, a distance of 101 feet 6 inches. The building will be constructed of white pressed brick, and the plans have already been accepted by the firm. On the first floor there will be two store rooms, one with a fifty foot front and the other fronting sixteen feet. The larger one will be occupied by the firm, and the smaller room will be leased. The second and third floors will be divided into office suites.

The firm at present has in operation in the United States 137 stores, all conducted along the same lines, and in every instance they own the buildings in which they conduct their business.

In this state there are only two stores in operation, one in Winchester and the other in Hopkinsville.

Renick Enters Legislators' Race.

Abram Renick, prominent Democratic politician and live stock breeder, formerly of Bourbon, announced Saturday in Louisville that he would be a candidate for the Legislature again from Clark county and that he would elect him a candidate for Speaker of the House of Representatives.

Mr. Renick was a member of the Legislature at the time of the assassination of William Goebel, and prior to the shooting he was one of the closest men to Senator Goebel during the memorable contest waged for the Governorship.

While he has been an active factor in politics in Winchester and Clark county since that time he has not sought office. In addition to his political activities Mr. Renick is one of the best known cattle breeders in the United States, and acts as judge of fine cattle at all of the state fairs in the South and Middle West.

DEATHS.

—John L. Amsden, president of the Louisville & Atlantic railroad, and prominent as soldier, banker and philanthropist, died at his home in Versailles.

DOYLE

—Mr. John R. Doyle, one of the oldest and most highly respected citizens of this city, died at the home of his daughter, Mrs. Edward Burke, in South Paris yesterday evening at 6 o'clock, after a protracted illness due to the infirmities of old age.

Mr. Doyle, who was in his eightieth year, was one of the Pioneer citizens of Paris. He was a native of Ireland and was born in the county of Kerry in May 1832. At the age of 25 and in 1857 he emigrated to America locating in Paris where he has since made his home.

For many years Mr. Doyle was one of the most prosperous citizens of the community. He was actively engaged as a stone mason and as a reward for his labors amassed a considerable sum of money most of which was invested in real estate which during the latter years of life, he allowed to pass into the hands of his children. With his family he occupied what is known as the Doyle home on the north end of High street, which is now owned by Mr. Henry Fuhrman, the property being disposed of following the death of his venerable wife, Mrs. Mary Doyle, who preceded her husband to the grave ten years ago.

After the death of his wife, Mr. Doyle made his home with his daughter, Mrs. Ed Burke. For the past three years he has been in declining health and for several weeks his death has been hourly expected. He was a man of unusual vitality, and until recently in spite of his weakened condition he has been exceedingly active.

He is survived by three daughters and one son, Mrs. Mike Lavin, Mrs. Edward Burke, Mrs. John Dean, and Mr. John Edward Doyle, all of this city. At the time of going to press last night the funeral arrangements had not been completed.

A Suggestion.

If you want a good yield of wheat or rye, put it in with a Peoria Disk Shoe Drill. For sale by Yerkes & Prichard.

MATRIMONIAL.

TALBOTT-MILLER.

—The marriage of Miss Mary Talbott to Mr. Chas. W. Miller was celebrated Thursday at one o'clock in Muskogee, Okla. The bride is the daughter of the late Mr. Chas. Talbott, former sheriff of Bourbon county, and moved to Oklahoma with her mother about four years ago. She is a young woman of unusual attractiveness and is popular with a large circle of friends.

Mr. Miller is a prosperous attorney and politician, formerly of Lexington, being the son of Mr. and Mrs. W. W. Miller, of the latter city. He located in Hodgenville, Okla., about five years ago.

FELD-BELL.

The marriage of Miss Ida Feld, to Mr. Harry Bell was solemnized at the home of the bride's parents, Mr. and Mrs. A. Feld, in Winchester, at 4 o'clock Sunday afternoon, the ceremony being performed by Rabbi Mueller, of Louisville.

The home was attractively decorated for the occasion with plants and flowers. The wedding was very informal, only the immediate relatives being present.

The bride wore an exquisite costume of white brocade messaline, and carried a great cluster of bride's roses. She is an accomplished musician, instrumental and vocal, and is popular with all who know her.

Mr. Bell is a young stock broker of Indianapolis, Ind., and has been unusually successful. He enjoys a wide popularity among friends and acquaintances all over the territory in which he travels.

Following the wedding ceremony the bride changed her gown for a stylish brown traveling suit, with hat, gloves and suede shoes to match, and the happy couple left for a honeymoon trip in the East. They will make their home in Indianapolis. Just previous to their departure an elaborate menu was served.

Mr. and Mrs. David Feld, of this city, were among the guests at the wedding.

W. C. T. U. Convention Closes.

The business of the Christian Woman's Temperance Union in session at Mt. Sterling, closed Saturday afternoon with the election of officers. Mrs. Frances E. Beauchamp, of Lexington, was re-elected president. The vice president is Mrs. Julia Powers, of Grayson; the corresponding secretary Mrs. Anna Wheeler, of Smithfield; the recording secretary Mrs. Julia Gunn, of Lexington, and the treasurer, Mrs. Nora B. Taylor, of Lexington.

The various secretaries and district and State presidents were re-elected. Mrs. F. E. Locke, of Newport, Mrs. Sue M. Davis, of Louisville, and Mrs. Agnes L. Ewert, of Ashland, were elected delegates to the national convention which meets in Portland, Oregon.

An invitation from Bowling Green to entertain the next State convention was accepted.

The sum of \$349.48 was raised for the benefit of the Hindman school.

The resolutions passed by the convention were very strong. They declare in favor of nation-wide prohibition and condemn the old political parties for their attitude on the question. They deplore the alarming growth in the white slave traffic, reaffirm their declaration in favor of the reading of the Bible in public schools and declare strict observance of the fourth commandment, which they state is constantly violated by the doing of unnecessary work and attending various amusements. They protest against the contract system in the State Reform School, and call upon the Prison Commission to improve the conditions there existing and thanks are extended for the giving of suffrage to women in the school elections.

The convention closed Sunday evening.

Life Insurance Free of Cost!

Policy No. 884 on the Ten Payment Life Plan was issued by the Northwestern Mutual Life Insurance Company to Mr. Houston H. Poppleton, of Cleveland, O., on March 19, 1861, at aged 25. This policy was for \$1,000, with an annual premium of \$41.95. The results to date are as follows:

10 Annual Premiums Paid\$419.50
Total Dividends Re-Paid 489.22

Dividends Exceeded Premiums by\$ 62.72

Mr. Poppleton is still living, but his premium payments stopped in 1871. He has the satisfaction of knowing that he used good judgment when he insured in the Northwestern.

The Northwestern has issued many policies upon which dividends exceed the total premiums paid. The dividends paid by The Northwestern in 1911 amounted to \$12,610,321.25.

465 Acres of Well-Improved Bourbon County Land

For Sale at Auction!

Desiring to return to Europe to reside permanently, I have decided to dispose of all my real estate in America, and have therefore placed my farm lying in Bourbon county in the hands of Harris & Speakes to be sold at public outcry at the court house door in Paris, Ky., on

**Thursday, October 10, 1912,
at 2 O'Clock p. m.**

The farm is situated about six miles east of Paris, on the Iron Works pike, and contains 465.81 acres, and is perhaps better known as a part of the Ford farm. It will be offered in three tracts, then as a whole, and the best bid accepted.

Tract No. 1—Contains 210 acres, more or less, of the best land in Bourbon county, 200 acres being virgin soil, with an abundance of timber, such as walnut, oak, ash, hickory, etc. It is well watered with ponds and never-failing springs.

The improvements consists of a handsome two-story brick residence with all modern conveniences. The first floor has six rooms, 20 ft. square, double hall 12x20 feet, large, well-lighted kitchen, pantry, back hall, both complete and porch around entire rear of house. Four rooms and hall on second floor, good dry cellar under entire house, up-to-date furnace and cistern at door. It is handsomely finished, convenient and comfortable. It has a stone barn 120x60 feet, with 14 box stalls, concrete floor and tongue and grooved loft. This barn was built at a cost of \$9,400, and is without doubt the best in the country. Artisan well at barn; servants' house; splendid meat house; ice house and framefarm barn 72x44 feet, cistern at same.

Tract No. 2—Contains 150 acres, lying on the east side of the Iron Works pike; all in blue grass for eight years; residence of five rooms; large barn; ice house, meat house, cistern, never-failing springs, good fencing.

Tract No. 3—Contains 105 acres, more or less, in cultivation, broken from old blue grass sod two years ago; unimproved; plenty of water; fencing first-class. Good frontage on pike and splendid building site.

This farm is without doubt one of the best in the county, being well situated and very fertile. It will produce anything that can be grown in this climate. It is in an excellent neighborhood, convenient to churches and schools. Any one in the market for a fine Blue Grass farm should attend this sale.

Positive sale. Sold subject to survey. Possession March 1, 1913, with usual seeding privileges this fall.

TERMS—One-third cash, balance in two equal payments, in one and two years, deferred notes bearing interest at 6 per cent. from date until paid.

W. A. LANE.

For further information address Ed. Turner or Harris & Speakes, Paris, Ky., who will take pleasure in showing the farm to prospective purchasers.

Fire Does Little Damage.

Fire which broke out in the engine room of the large grass seed house of E. F. Spears & Sons, at 9 o'clock Friday morning threatened the destruction of the building. The fire was confined to that part of the building where it originated and but little damage was done. The establishment, which is the largest of its kind in the city, was filled to its capacity with blue grass and other seed which were in the process of cleaning.

Bunce Killed by Fall.

A coroner's jury, composed of leading business men, after examining more than a score of witnesses last Friday in Louisville, rendered a verdict to the effect that C. W. Bunce, better known as Charley Whittemore, cowboy hermit, who died September 7; died from the effects of a fall down a stairway at his home, following an apoplectic stroke. This was the second request. The investigation was requested because of the persistent rumors that Bunce had been the victim of a murderous assault.

In the back parlor Mrs. Houston Rion presided over the punch bowl. In the dining room, where the guests were served with an elaborate luncheon, Mrs. William E. Board and Mrs. Wm. Kenney attended to serving the guests while Mrs. Custis Talbott and Mrs. N. A. Moore presided at the coffee and chocolate table.

A Lexington orchestra, screened from view, furnished music throughout the afternoon. About two hundred invitations were issued, most of which were accepted.

Warrant Issued for Speeder.

A warrant charging reckless driving and exceeding the speed limit in the city of Paris in violation of a city ordinance, was issued in Police Court yesterday against William Bou, of Louisville, and sent to the police of that city.

The incident which caused the warrant to be issued occurred Sunday afternoon, when, it is alleged, the car being driven at a high rate of speed, ran over and killed a valuable bird dog, the property of Mr. John McClintock, of this city.

The number of the car was secured and turned over to Chief of Police J. C. Elgin, who telephoned to the Secretary of State at Frankfort, ascertaining the name of the owner. At the instance of Chief Elgin a warrant was also sent to Lexington. It is not known whether or not the owner of the machine occupied the car at the time of the alleged accident.

The dog which was killed was a very valuable animal and its owner will prosecute the perpetrators vigorously.

Searching for Horse Thief.

The police of Paris and Flemingsburg are in search of a man who a few nights ago took from the farm of Col. E. F. Clay, on the Georgetown pike, a horse, but have been unsuccessful in locating the thief. Sunday, Col. Clay, accompanied by Patrolman Chas. Thomas and Mr. John Dotson, went to Flemingsburg in search of the man, who was reported to be in that section. Upon their arrival there they found that he had taken his departure, and was said to be in the vicinity of Morehead. A member of the police force of Flemingsburg, accompanied by Mr. Dotson, went to Morehead yesterday to continue the search while Patrolman Thomas and Col. Clay returned to Paris.

10 Cents A Day

WE are bound and determined that every family in this community shall know, from experience, as we do, that the very foundation and basis of home happiness is a good stove or range.

THOUSANDS of families are in bad health from eating poorly-cooked food, others from living in rooms which are not properly heated and ventilated.

WE believe our general business will more than double as soon as we make it known that our goods are the best and most dependable that can be had. So we are going to inaugurate a sale of the largest and best line of stoves and ranges in the world upon a basis that will at once place a "Buck's" range or stove of some kind with every family—no matter what it costs us to do it. Here is the opportunity of a lifetime. If you don't take advantage of it, you alone are to blame.

OUR OFFER 10 CENTS A DAY

COME to our store and select any "BUCK'S" range or stove there. No matter what room in the house you want it for—no matter what fuel you want to burn (gas, coal or wood), no matter what price you want to pay, WE HAVE IT.

YOU may have one of these most durable, fuel-saving cookers or heaters set up in your house and guaranteed by us, and the makers, upon the payment of

10 Cents a Day

We know that Buck's Stoves & Ranges are by far the best goods of their kind in the world, and that they are not only the best bakers and heaters, but that they will outlast any other kind and save their cost in the amount of fuel saved.

This wonderful sale and opportunity will only last until our present special arrangement with the manufacturers are completed, so make your selection at once.

Just Think of It: Only 10c a Day.

Explanation of Dreams.
Dr. Freud says that every dream can be taken to pieces for investigation. The dream is not really continuous. It consists of a series of groups centering about what he terms "knots," and by investigating the association of these dream-knots with one's normal life he will learn that the dream was based on a wish or on wishes, some of which may be so vague that he was hardly aware of them.

CENTER OF DRUM INDUSTRY

Massachusetts Town From Which Instruments Are Turned Out by Hundred Thousand Yearly.

The town of Granville, Mass., sends out nearly half a million toy drums every year. It is no wonder that Granville lads, however soldierly, care nothing about drums, for they are too old a story.

As in other businesses, there is a constant demand for new models and designs, and a popular drum of today may find no sale tomorrow.

A unique drum made a number of years ago has never been duplicated. It was made for advertising purposes, and the hoops were eight feet in diameter.

A search was made all about Granville for the biggest cattle, and a whole hide was used for a head. Before the drum was put together a horse was driven through the barrel, so that an idea of its size can be obtained.

The "drumsticks" were small telegraph poles. The drum was taken to Boston and exhibited. The building in which it was displayed collapsed, however, and the huge drum was ruined. But its memory still lives in Granville and has become a tradition of the place.

A peculiar feature in connection with the drums is the heads, which are made of a tropical sea voyage, are sent across the country by rail.

When the parts arrive they are set up again, and the drums are ready for sale. The drums are first put together before leaving the factory, and each part fitted, so that the reassembling is an easy matter.

The process of making drums reveals the same minute subdivision of labor that is shown in all modern manufacturing. How minute this is may be shown by the fact that a single workman is able to turn out more than 2,000 pieces a day of some of the parts. The making of the heads is an interesting process.

The sheepskins arrive in a partially dressed state, and are at once scraped and dried. Cutters are put to work and circular pieces cut out.

Part of the waste is used in making snare drums and the rest is shipped to the glue factory. The finer drumheads are made of calfskin, stretched and dried by a special process.

The wooden barrel of the drum is made by a machine, which takes a log of wood and peels from it, somewhat as a skin is peeled from an apple.

One Who Never Has a Holiday.

When everyone is getting ready to take a summer outing which shall be free from cares and bothers, or at any rate from the bothers they are accustomed to, we must all behold with dismay the prospect of the mother of a family who, when she sets out, takes all her cares with her and generally collects a few extra ones by the very fact of going away.

Recently a young mother, having her children and nurses with her, arrived on a salubrious mountain peak, only to succumb entirely and lie on a sofa for a fortnight.

And even this unfortunate lady was spared the bother of keeping house, which is the fate of all those who hire other people's country houses or who go into expensive apartments by the sea. It is safe to say that no man would set out on a holiday with the prospect in store of doing precisely the same kind of work which he had to do in all the other months. Mothers, indeed, should be carefully placed in comfortable inns, or on board ship, or on inaccessible islands, there to recover at leisure from the anxieties of the rest of the year.

Medicine Dropper.

Medicine so strong that a dose must be limited to seven drops had been prescribed for the man with unsteady hands. His family also had shaky hands, and as there was no medicine dropper in the house it looked as if somebody would have to take a midnight trip to the drug store. But a visiting relative that they had put up for the night suggested an alternative.

"Take the half of that raw eggshell—raw, mind you; cooked eggshell is too brittle and crumbles too easily—that I saw lying on a saucer in the cupboard, drill a hole in it the size of a pinhead, and let the medicine trickle through that. It will be sure to fall out in drops of the required size, and you couldn't make a mistake if you wanted to."

To Comfort and Relieve.

"Yes," said Mrs. McKabe, in telling of an illness from which her husband had just recovered, "Dan was awful bad! Me and him both thought he was going to die. He was just scared stiff! After the doctor had been and went the first time he says to me, 'Mamie,' he says, 'what does the doctor think about my case?' and of course the most comfort I could give him was to tell him the doctor said he had typhoid fever, and that he was a very, very sick man. I never want to see him suffer like he done for ten days after that. The only relief he got was when the doctor gave him epidemics of morphine!"

Another Notifying Committee.

"Well, sir," said the fair maiden's father when the young man had been ushered into the private office; "what is your business with me?"

"I have been appointed to serve as a committee of one to notify you that you have been nominated to become my father-in-law."

The implicit confidence that many people have in Chamberlain's Colic, Cholera and Diarrhoea Remedy is founded on their experience in the use of that remedy and their knowledge of the many remarkable cures of colic, diarrhoea and dysentery that it has effected. For sale by all dealers.

NOTICE.

Gave Up Hope

"I suffered five years, with awful pains, due to womanly troubles," writes Mrs. M. D. McPherson, from Chadbourn, N. C. "They grew worse, till I would often faint. I could not walk at all, and I had an awful hurting in my side; also a headache and a backache.

I gave up and thought I would die, but my husband urged me to try Cardui, so, I began, and the first bottle helped me. By the time the third bottle was used, I could do all my work. All the people around here said I would die, but Cardui relieved me."

TAKE CARDUI The Woman's Tonic

For more than 50 years, Cardui has been relieving woman's sufferings, and making weak women strong and well. During this time, thousands of women have written, like Mrs. McPherson, to tell of the really surprising results they obtained by the use of this purely vegetable, tonic remedy for women.

Cardui strengthens, builds, restores, and relieves or prevents unnecessary pain and suffering from womanly troubles. If you are a woman, begin taking Cardui, today.

You Want the Best— Not the Cheapest

Flanders "20" Roadster, \$750

Don't be alarmed if somebody tells you you can buy an automobile for less money than the \$750 Studebaker-Flanders "20." You can, but you better not. The Flanders "20" corresponds point by point with the best and highest priced cars sold. Cheaper cars at every vital point are built on ideas long ago discarded for good cars. Don't take our word for it. Make comparisons and see.

The Studebaker-Flanders "20" is a marvel—a high grade modern car at a low price. If you pay less you buy much less. And the cheaper car today will cost you far more in the long run. The competing car isn't sold which the Studebaker Corporation, the greatest automobile manufacturers in the world, couldn't reproduce for less money; but we won't build a cheap car, because the name "Studebaker" means the best for your money.

If you are content with a car that runs today and dies tomorrow, don't buy the \$750 Flanders "20." It will wear for years. Remember this—the Studebaker-Flanders "20" will outwear 2 to 1 any other car under \$1100 and give you double satisfaction, confidence and comfort into the bargain.

We can prove it—Send for new catalogue

MILLERSBURG ITEMS.

Born, last week to Mr. and Mrs. J. C. Arthur a daughter.

The suits and hats for the cadets of M. M. I. arrived Friday.

Miss Patty Hunter, of Washington, is the guest of her sister, Mrs. A. S. Best.

Miss Maude Kerr, of Carlisle, was the guest of her cousin, Miss Hazel Kerr, from Saturday until Monday.

Mr. G. W. Bramlette who has been confined to his room for several days with gall stones, is able to be out again.

Mr. J. G. Clifford and family moved Friday from the property of Mr. G. S. Jones to that of Mr. John Auxier in Judyville.

Mr. and Mrs. William McNamara and little daughter, of Wisconsin, are guests of his sister, Mrs. Katherine Carpenter.

Mesdames J. Morgan Brown, of Paris, and Thos. Conway, of Chicago, Ill., were guests of Miss Anna Conway Friday.

A faculty recital of the M. F. C. will take place Friday at 7 p. m. in the college chapel. All friends are cordially invited.

The boarding department of the M. F. C. is entirely full and Dr. Fisher was compelled to turn away four applications Thursday.

Mr. W. E. Collier and little son, James, were guests of Mrs. Griffith and family, of Payne's Depot, from Saturday until Monday.

Fay Bros., contractors, are moving the house recently purchased from the L. & N. on the lot on Railroad street to the lot on Trigg avenue.

Mr. C. B. Bastin, of Lancaster, has accepted a position as local manager of the Bourbon Home Telephone Co., and entered on his duties Thursday.

Ex-Cadet Jeff Harris, of Noland, W. Va., was the guest of Miss Leucia Butler from Friday until Monday. Mr. Harris has entered the State University at Lexington.

The firm of Butler & Sheeler has secured the contract to rebuild the store rooms and residence flat which was recently burned on Fifth street on the site of Mrs. Sue Sandusky.

The following teachers from here are attending the Bourbon County Teachers Institute which is in session at Paris this week: Mrs. Anna Doty, Misses Drusie Elliott, Hazel Kerr, Nannie Clark, Kizzie Mae McDaniel and Ruth Stirmann.

Realizing the great advantage in competing with neighboring firms, Peale Collier & Co., and Butler & Miller, both doing a business of coal, lumber, farm implements, buggies, wool, hay and grain, have decided upon a merger to take place October 1. The members of the new firm will be Peale Collier, W. A. Butler and Alex S. Miller, and will be known as the Millersburg Coal and Lumber Co.

The afternoon session of the Ebenezer Presbyterian convened at 2 p. m. Thursday with Rev. E. M. Moore, of Covington, in the chair. There was but little doing of public interest as the session was largely taken up with hearing reports and forming committees. The question of dissolving the relationship between Mr. Cowan and the Augusta church created considerable interest as there was considerable opposition to the dissolution. However the motion was finally put and the relationship dissolved. The Dr. made quite a touching little address. Rev. Ericson was appointed as commissioner to the general assembly which convenes at Atlanta, Ga., next May with Mr. I. L. Pyle, of Vanceburg, as Ruling Elder, and Mr. Hilner of Augusta, as alternate. A vote of thanks was extended to Rev. R. S. Sanders and the congregation of the Millersburg church for the magnificent entertainment of the Presbytery during the session here. The same was ordered to be read by Rev. Sanders to his congregation Sunday morning. The time and place for the next meeting of the Presbytery will be arranged later. After prayer by Hon. Benn, of Mayeville, the Presbytery adjourned, most of the delegates leaving for their homes on the late afternoon and evening trains.

The farm, stock, crops and all personal property of the late Mr. I. P. Chanslor was sold at public sale Saturday. A large crowd was present and everything brought good prices. The sale was made up of the accumulations of a life time and in many respects it was a large one. The forenoon was taken up with the sale of household and farming utensils. Fourteen hogs sold at \$8.80 per head, 2 sows and 10 pigs at \$28, 1 sow and 4 pigs at \$19, 1 sow and 3 pigs at \$11.25, 2 sows and 12 pigs at \$46, 15 shoats \$4.20 per head, 19 shoats \$5 per head, 2 sows at \$11 per head, 6 sows at \$14.05 per head, 2 hogs at \$8.40, 1 male hog at \$17, 4 male pigs \$5.25 each, 1 buck \$4.60, 1 red steer \$50.60, 1 roan steer \$50, 1 red cow \$43.50, 1 black calf \$16.50, 1 red cow \$50, 1 Jersey cow, \$56 with calf, 93 bales of straw 55 cents per bale, 2 ricks of timothy hay, \$16 each, 1 rick of hay \$10, 10 barrels of old corn at \$2.60 per barrel, new corn at \$2.60 per shock, 1 work horse \$80, 1 family mare \$55, 1 brood mare \$215. In the early afternoon the farm of 137 acres was put up in two parcels but failed to receive a bid and then as a whole. It was bid to \$142 an acre. Just about the time it reached this stage a telephone message was received to the effect that a buyer was on the way and asked that the sale be held up for a short time which was done. Later it was again offered and went to \$149.50 an acre and was knocked off to Mr. Clarence Reese, of Mayslick. Possession will be given for seeding at once, the home will be given up December 1, and full possession given March 1, 1913.

To-day is Democratic registration day. Register early.

Carlisle Suffers Another Big Fire

Fire which originated in the hardware store of Robert King in Carlisle, at 7:30 o'clock last night, destroyed the building and its contents together with the grocery store of Ed Lawrence and the fruit store of Chas. Monson and the livery stable of Jesse Ham.

All of the buildings burned faced on Main street with the exception of the property of Mr. Ham, which was on the rear of the King hardware establishment.

For a time it was thought the entire business section on Main street would be wiped out by the flames, as the firemen seemed powerless to check the progress.

Paris was appealed to for assistance about eight o'clock, and the engine, together with several hundred feet of hose, was about to be loaded on a freight car when a message was received that the fire was under control.

The loss on the property it is said approximate \$35,000, partly covered by insurance.

STOCK, CROP AND FARM NOTES.

—The corn crop in Boyle is one of the best raised in years and the farmers are delighted over the prolific yield. The acreage is somewhat larger than last year and the average yield will be from twelve to fifteen barrels per acre. The tobacco crop has about all been cut.

—The County Farmers' Institute organizers will meet in Frankfort October 3. Three United States Agricultural Department farm demonstrators have been assigned to Kentucky. Hardin county has raised the \$600 required and will get one of the demonstrators.

—E. R. Little, of Mt. Sterling, sold the fast black pacing mare, Wyetta, last week to J. G. Cecil, of Danville, for \$2,500. Wyetta is a daughter of Gambetta Wilkes and Credition 2:22 1-2, by Nuthurst 2:12, and a full sister to the crack pacer, George Gano 2:02 and Credette 2:05.

—Tuesday, October 29, has been fixed for the opening date for the sale of loose leaf tobacco on the Lexington market. The date fixed for the opening of the market is at least one month earlier than that last year, due to the early maturing of tobacco and favorable weather for curing the crop, which has prevailed with but little intermission.

—Work is progressing rapidly on the immense loose leaf house here for the Cynthia Tobacco Warehouse Company in North Main street. It will cover a space 118x282 feet, with a floor space of 96x260 feet. The Cynthia Tobacco Warehouse Company has bought from the Farmers' Tobacco Warehouse Company and Luther Humphrey, two lots on the west side of North Main street, on which will be built two houses for pricing tobacco.

—In the thousand-dollar saddle horse stake at the St. Louis Horse Show Thursday night, Mat S. Cohen won first with Kentucky's Choice, the black stallion owned by Mrs. Lowndes, of Danville, making the best show of his career. Fifth money was divided between Mrs. Lowndes' chestnut mare, Mary Fox, and Gingerbread Man, ridden by Tom Bass. The judges were C. F. Neagle, of Kentucky; Merritt Marshall, of St. Louis, and P. W. Hawkins, of Bowling Green, Mo.

Montgomery County Votes Dry.

In the local option election in Montgomery county under the new local option election law, the county went "dry" yesterday by a majority of 905. The city of Mt. Sterling went "wet" by a small majority, which was overcome by the vote of the county. The greatest excitement prevailed in the city during the hours of the election. Women and children marched through the streets and prayer meetings were held in every precinct in the county. The "wet" element took very little interest in the election, and in the face of the result will carry a contest to the court.

Mrs. Ashbrook Granted Divorce.

A dispatch from Milwaukee Friday says: "Mrs. Margaret Isgrigg Ashbrook, formerly of Louisville, was granted a divorce from Cave S. Ashbrook, with \$75 a month alimony, by Judge Fritz in Circuit Court today. Ashbrook did not appear to contest the suit, which was brought on the ground of cruel treatment."

"At a hearing Monday, Mrs. Ashbrook testified that there was a tacit understanding with her husband that the action was not to be contested, as they had discovered that they could not live in harmony, because they had discovered they were not true soulmates. She cited several cases of alleged violence on her husband's part, charging that once when they missed a car at the Public Service building he became provoked and struck her violently with his traveling bag."

"They were married in Indianapolis in 1901. They have no children."

List of Attractions at Lexington Opera House.

Manager Charles Scott, of the Lexington Opera House, has a splendid line of attractions for the coming season. Realizing that presidential election year is to a certain extent a bad one theatrically, Manager Scott has made special efforts to procure the best there will be on the road this season. That he has succeeded is proven by the following partial list of attractions which will be seen in Lexington during the season:

Geo. Evans' Minstrels, Nazimova, Passers By, The Old Homestead, The Winter Garden Show, McFadden's Flats, Mme. Sherry, Fiske O'Hara, O'Brien's Minstrels, Putting it Over, Within the Law, William H. An Ordinance

Creating a Board of Commissioners for the W. W. Massie Memorial Hospital.

City Hall, Paris, Ky., Sept. 26, 1912.

Be it ordained by the Mayor and Board of Council of the City of Paris, Ky., that a Board of Commissioners is hereby created to be known as the Board of Control of the W. W. Massie Hospital to manage and govern the Hospital of that name now owned by the City of Paris. Said Board shall consist of five members to be appointed by the Mayor by and with the consent of the Council, for a term of five years or until their successors are appointed and qualified, but provided that of the members appointed during the year of 1912 one Commissioner's term of office shall expire in one year from date of his appointment, one Commissioner's term of office shall expire in two years, one Commissioner's term of office shall expire in three years, one Commissioner's term of office shall expire in four years and one Commissioner's term of office shall expire in five years from date of said appointment, and that the successors to each of the said Commissioners shall expire in five years from the date of his appointment. No person shall be appointed as a member of the Board who has not reached the age of twenty-five years or who has not been a citizen of the City of Paris for the last three years preceding his appointment. Before entering upon the discharge of his duties each Commissioner shall take the oath of office required by other City Officials and a record of which shall be entered upon the minute book of the Board of Council, and he shall execute a bond to the City of Paris in a penal sum of \$100.00 for the faithful discharge of his duties, which bond must be approved by the Mayor and filed in his office. The Mayor may make removals of the members of the Board for cause, to be stated in writing, and in any case of removal the Mayor shall submit the facts and reasons to the Board of Council for its approval and the said Board of Council shall have the power to reinstate such persons removed.

OFFICERS OF THE BOARD—REPORT.

The Commissioners who shall be appointed and who shall qualify as aforesaid shall as soon as convenient thereafter meet and choose one of their number to be President of their Board to serve for the term of one year, and annually thereafter the President shall in like manner be chosen. The duties of the President shall be the usual duties incumbent upon such an office and such as the Board may prescribe. Said Board shall also elect a Secretary, who may or may not be one of their number, whose duties shall be, in addition to keeping an accurate and exact minutes of all meetings of the Board, to keep a set of books showing with accuracy the receipts and expenditures of the Board and shall preserve on file duplicate vouchers for all expenditures, which books and vouchers shall at all times be subject to the examination of the Mayor or any Committee of the Board of Council authorized to make such examination, either by themselves or through an expert accountant duly chosen, and shall, together with the Board of Commissioners, at the end of each fiscal year prepare and submit to the Board of Council a full and detailed report and statement of all the acts and doings of the Board for the preceding year, together with a complete and itemized account of all receipts and disbursements of money, together with such information as the Board deems proper and necessary for the benefit of said Hospital and the general public.

The Board shall elect its own Treasurer and certify the said election to the Board of Council and the Board of Council shall fix the bond of said Treasurer in a penal sum to be approved by the said Board of Council. Said Treasurer will take the oath and execute bond to the City of Paris, for the faithful discharge of his duties, which bond shall be approved by the Mayor and filed in his office. The said Treasurer to keep a distinct account of all moneys belonging to and all moneys which may be hereafter dedicated to or set apart for said Hospital purposes, and shall only pay out or deliver any of the said funds upon the warrant of the said Board, countersigned by the Secretary, and approved by the presiding officer of the said Board, and shall perform such other duties as may be prescribed by said Board.

DUTIES:

The Board of Control shall keep a record of all their proceedings, which, together with the books of the Secretary and other officials of the Hospital, and all of the books and papers of the Institution, shall be open to the inspection of any of the Commissioners and the Mayor or any committee of the Council or any person appointed either by the Mayor or the Board of Council, for their examination. The Board of Control shall have full charge of all the buildings and the furniture of the Institution, and have the same insured. The said Board of Control at all times shall have full power to inquire into and examine and make rules for the government and management of said Hospital and the inmates thereof, and the official conduct of the officers and employees of the same; and for that reason, shall have free access to the grounds, buildings and all books and papers relating to said hospital, and all persons now and hereafter in any manner connected with the same, are hereby directed and required, to give such information as may afford such facilities for inspection as such Board of Council may require. The Board of Control shall prescribe rules and regulations for the government of said Hospital, for the preservation of the buildings and the grounds, and such rules and regulations as prescribed shall be faithfully observed by all of the officers and employees of said Hospital. Said Board shall have full power to appoint and to engage all the officers and employees of said Hospital, and to discharge the same at any time they may decide to dispense with their services. Said Board shall have full power to expend at their discretion any

surplus standing to the credit of said Institution from time to time, for the purpose of carrying on said Hospital; and shall prescribe the rates for the care of patients in said Hospital, and shall have full power to collect the moneys due for the same.

J. T. HINTON, Mayor.

Attest: J. W. Hayden, Clerk.

GENERAL NEWS.

One man was killed and two others were wounded in Augusta, Ga., Friday when they crossed the "dead line" established by the State Militia guarding street railway property.

The New York Republican convention nominated Job E. Hedges, a New York attorney, for Governor in the first convention in many years that has not had a prearranged slate.

Indications are that the Democrats are sure to swing Missouri back into the solid South again this fall for the first time in eight years.

Charles and James Smith, twin negroes, were electrocuted in the Eddyville prison for the murder of an aged man at Maysville.

The Court of Appeals Friday decided in the case of the Inter-Southern Life Insurance Company that Louisville, and not Prospect, was its home.

Attractions Booked for the Paris Grand.

The management of the Paris Grand promises the theatre-going people of this city the best class of attractions that have played here in years. The following attractions are booked to appear here this season:

Madam Sherry.
 Within The Law.
 Ready Money.
 Al G. Fields.
 Mutt & Jeff.
 Putting It Over.
 The Country Sheriff.
 Margaret Illington.
 The Aborn Grand Opera.
 Brewster's Millions.
 Vogel Big City Minstrels.
 The Shephard of The Hills.
 Lyman Howe.
